

31262/32003 Introduction to Game Design

Autumn Student Games Showcase & Games Studio Website

Expression of Interest Form

Purpose

This form is to be used by group in 31262/32003 to express their interest in:

- 1) *Participating in the Autumn Student Games Showcase*
- 2) *Having their game and associated images/video hosted on the Game Studio website (gamesstudio.org).*

The UTS games teaching staff are proud of the work that our students do – we believe it is of a high quality and demonstrates the potential that each of our students has for an impactful career in games and, more broadly, in technology design and development. We are so confident in these games that we want to share them with a wider community of colleagues, peers, research partners, industry representatives, potential future students, and friends and family. For this reason, we organize the autumn showcase and maintain the Games Studio website and YouTube channels to display student assessment work. These are also opportunities for students to have their work highlighted through various communication channels, creating lasting online portfolios and content for CVs to be given to future employers.

Please indicate in both of the sections below whether your group wishes to have their work hosted through at the Autumn Showcase and/or the Games Studio website. Please note that this is an expression of interest form and, due to limited space, does not guarantee that your game will be showcased or uploaded.

Autumn Student Games Showcase

Our group wishes to participate in the Autumn Student Games Showcase held after the end of the semester and we acknowledge that:

- We have reviewed the dates and times of the showcase as they are posted on UTSOnline.
- Our game will be available on at least on computer, available for guests to play at any time during the evening.
- At least one group member will be present on the evening and at any one time there will be one group member in attendance next to the assigned computer to facilitate players.
- No presentation is required but our group representatives are prepared to talk about the game design and development process with guests who choose to play our game.
- The poster that we provided as part of the assessment may be printed and used as signage during the showcase.
- If the group is awarded a prize for their game, all group members will receive a certificate but only group members who are present on the night will receive the monetary prize.

We, as a group, agree to the above: Yes / No (please select one)

UTS Games Studio Website

Our group wishes to have details regarding their game hosted on the UTS Games Studio website (gamesstudio.org) and we acknowledge that:

- The following assessment material will be displayed on the website:
 - Title of the game
 - The image of the game
 - The video of the game
 - A brief description of the game
 - All group members names
- The video of the game will also be uploaded to the Games Studio YouTube channel for hosting.
- The game files themselves will NOT be uploaded and the game will not be playable through the website.

We, as a group, agree to the above: Yes / No (please select one)
